

# 2019 SPONSORSHIP OPPORTUNITIES

“

As a single mom and college student, I juggle a lot and work long hours. Yes, it costs my children a little bit of me, but what they get in return is a mother who is energized and content. I will be the first in my family to obtain a college degree. I am a positive example to my younger siblings as well as my children – who all plan to go to college now too. They truly inspire and encourage me.

— Jessica Frasher —

”

Jessica, pictured with her children Trae (11) and A'laeyah (8), is a 7-time SPSF NWA scholarship recipient and has already earned her Associates degree at NWACC. Jessica transferred to Missouri Southern State University in 2018 to complete her Bachelor's in Accounting. While she initially planned to become a Bookkeeper, her success and the support from SPSF NWA have motivated her to work toward owning her own accounting firm as a CPA.

**Your gift will help end poverty and create prosperity for generations!**

# Spark of Hope

June 20, 2019
