Cost basis may not be identified for alternative investments that are percentage ownership based. Information (including valuation) is derived from the client or other external source for which Stephens is not responsible. If this account statement includes a per share estimated value for Direct Participation Program ("DPP") or Real Estate Investment Trust ("REIT") securities, these securities are not listed on a national securities exchange, are generally illiquid and, even if you are able to sell the securities, the price received may be less than the per share estimated value provided in the account statement. Additionally, the following notice is provided to holders of DPP and REIT securities for which this account statement includes a net investment per share estimated value: **IMPORTANT - Part of your distribution includes a return of capital. Any distribution that represents a return of capital reduces the estimated per share value shown on your account statement.**

EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts.

EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.
